

ETHAN DIGITAL ACADEMY

FLYER & POSTER DESIGN

FULL VISUAL STUDY MANUAL

Flyer & Poster Design Workflow

Brief

Purpose, audience and action

Hierarchy

Headline before supporting detail

Layout

Grid, margins and whitespace

Visuals

Relevant authorised imagery

Course Code	EDA-FPD-122
Level	Beginner to Intermediate
Duration	6 Weeks (19 Lessons)
Certificate	Professional Certificate in Flyer & Poster Design
Prerequisite	Graphic Design Fundamentals recommended
Learning Format	Guided Design Practicals + Print/Digital Campaign Project

Professional standard: use original, authorised or properly licensed assets; keep names, dates, prices, testimonials and claims accurate; protect private information; confirm commercial printer requirements before production.

Course Introduction

This course develops practical flyer and poster design skills for education, events, promotions and awareness campaigns. Learners progress from briefs and hierarchy through typography, colour, imagery, print preparation, digital adaptation, critique and final campaign production.

Learning Objectives

- Interpret a design brief and audience need.
- Build clear information hierarchy.
- Use grids, margins, whitespace and alignment.
- Apply readable typography and functional colour.
- Select and crop authorised imagery.
- Design event, promotional, educational and course flyers.
- Prepare print-ready and digital outputs.
- Create reusable campaign variations.
- Complete a coordinated flyer/poster campaign.

Course Structure

1. Lesson 1: Foundations of Flyer and Poster Design
2. Lesson 2: Understanding the Design Brief
3. Lesson 3: Audience, Purpose and Call to Action
4. Lesson 4: Information Hierarchy
5. Lesson 5: Grid Systems, Margins and Whitespace
6. Lesson 6: Typography for Flyers and Posters
7. Lesson 7: Colour, Contrast and Brand Consistency
8. Lesson 8: Images, Cropping and Visual Direction
9. Lesson 9: Shapes, Icons and Supporting Elements
10. Lesson 10: Designing Event Posters
11. Lesson 11: Designing Promotional Flyers
12. Lesson 12: Designing Educational and Awareness Posters
13. Lesson 13: Designing Course and Training Flyers
14. Lesson 14: Digital Posters for Social Media
15. Lesson 15: Print Preparation and Preflight
16. Lesson 16: Export Formats and Quality Control
17. Lesson 17: Template Systems and Campaign Variations
18. Lesson 18: Critique, Revision and Approval Workflow
19. Lesson 19: Final Flyer and Poster Campaign Project

Lesson 1: Foundations of Flyer and Poster Design

Introduction

Flyers and posters communicate a focused message through typography, imagery, colour and layout. Strong work is easy to understand at the intended viewing distance or screen size.

Learning Objectives

- Explain the key principles of foundations of flyer and poster design.
- Complete a guided design practical for foundations of flyer and poster design.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 1: Original instructional visual for Foundations of Flyer and Poster Design.
Ethan Digital Academy | EDA-FPD-122 | Paid Enrollee Visual Study Manual

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply foundations of flyer and poster design to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

20. What is the main purpose of foundations of flyer and poster design?
21. State two professional design practices from this lesson.
22. What readability, accuracy or production mistake should be avoided?
23. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 1 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 2: Understanding the Design Brief

Introduction

A design brief defines the communication problem before visual work begins.

Learning Objectives

- Explain the key principles of understanding the design brief.
- Complete a guided design practical for understanding the design brief.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply understanding the design brief to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

24. What is the main purpose of understanding the design brief?
25. State two professional design practices from this lesson.
26. What readability, accuracy or production mistake should be avoided?
27. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 2 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 3: Audience, Purpose and Call to Action

Introduction

Audience and purpose determine tone, detail and the most appropriate next action.

Learning Objectives

- Explain the key principles of audience, purpose and call to action.
- Complete a guided design practical for audience, purpose and call to action.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply audience, purpose and call to action to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

28. What is the main purpose of audience, purpose and call to action?
29. State two professional design practices from this lesson.
30. What readability, accuracy or production mistake should be avoided?
31. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 3 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 4: Information Hierarchy

Introduction

Hierarchy controls the order in which information is noticed.

Learning Objectives

- Explain the key principles of information hierarchy.
- Complete a guided design practical for information hierarchy.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 4: Original instructional visual for Information Hierarchy.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply information hierarchy to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

32. What is the main purpose of information hierarchy?
33. State two professional design practices from this lesson.
34. What readability, accuracy or production mistake should be avoided?
35. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 4 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 5: Grid Systems, Margins and Whitespace

Introduction

Grids and whitespace create structure and professional spacing.

Learning Objectives

- Explain the key principles of grid systems, margins and whitespace.
- Complete a guided design practical for grid systems, margins and whitespace.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 5: Original instructional visual for Grid Systems, Margins and Whitespace.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply grid systems, margins and whitespace to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

36. What is the main purpose of grid systems, margins and whitespace?
37. State two professional design practices from this lesson.
38. What readability, accuracy or production mistake should be avoided?
39. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 5 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 6: Typography for Flyers and Posters

Introduction

Typography carries both information and visual personality.

Learning Objectives

- Explain the key principles of typography for flyers and posters.
- Complete a guided design practical for typography for flyers and posters.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 6: Original instructional visual for Typography for Flyers and Posters.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply typography for flyers and posters to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

40. What is the main purpose of typography for flyers and posters?
41. State two professional design practices from this lesson.
42. What readability, accuracy or production mistake should be avoided?
43. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 6 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 7: Colour, Contrast and Brand Consistency

Introduction

Colour supports brand recognition and readability.

Learning Objectives

- Explain the key principles of colour, contrast and brand consistency.
- Complete a guided design practical for colour, contrast and brand consistency.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 7: Original instructional visual for Colour, Contrast and Brand Consistency.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply colour, contrast and brand consistency to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

44. What is the main purpose of colour, contrast and brand consistency?
45. State two professional design practices from this lesson.
46. What readability, accuracy or production mistake should be avoided?
47. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 7 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 8: Images, Cropping and Visual Direction

Introduction

Images create attention and context when selected and cropped deliberately.

Learning Objectives

- Explain the key principles of images, cropping and visual direction.
- Complete a guided design practical for images, cropping and visual direction.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 8: Original instructional visual for Images, Cropping and Visual Direction.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply images, cropping and visual direction to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

48. What is the main purpose of images, cropping and visual direction?
49. State two professional design practices from this lesson.
50. What readability, accuracy or production mistake should be avoided?
51. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 8 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 9: Shapes, Icons and Supporting Elements

Introduction

Supporting elements organise information without overwhelming it.

Learning Objectives

- Explain the key principles of shapes, icons and supporting elements.
- Complete a guided design practical for shapes, icons and supporting elements.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply shapes, icons and supporting elements to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

52. What is the main purpose of shapes, icons and supporting elements?
53. State two professional design practices from this lesson.
54. What readability, accuracy or production mistake should be avoided?
55. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 9 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 10: Designing Event Posters

Introduction

Event posters must make logistics immediately clear.

Learning Objectives

- Explain the key principles of designing event posters.
- Complete a guided design practical for designing event posters.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 10: Original instructional visual for Designing Event Posters.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing event posters to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

56. What is the main purpose of designing event posters?
57. State two professional design practices from this lesson.
58. What readability, accuracy or production mistake should be avoided?
59. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 10 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 11: Designing Promotional Flyers

Introduction

Promotional flyers balance value, evidence and a legitimate CTA.

Learning Objectives

- Explain the key principles of designing promotional flyers.
- Complete a guided design practical for designing promotional flyers.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 11: Original instructional visual for Designing Promotional Flyers.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing promotional flyers to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

60. What is the main purpose of designing promotional flyers?
61. State two professional design practices from this lesson.
62. What readability, accuracy or production mistake should be avoided?
63. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 11 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 12: Designing Educational and Awareness Posters

Introduction

Educational posters organise knowledge for quick understanding.

Learning Objectives

- Explain the key principles of designing educational and awareness posters.
- Complete a guided design practical for designing educational and awareness posters.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing educational and awareness posters to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

64. What is the main purpose of designing educational and awareness posters?
65. State two professional design practices from this lesson.
66. What readability, accuracy or production mistake should be avoided?
67. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 12 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 13: Designing Course and Training Flyers

Introduction

Training flyers must communicate course value and practical enrolment information.

Learning Objectives

- Explain the key principles of designing course and training flyers.
- Complete a guided design practical for designing course and training flyers.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing course and training flyers to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

68. What is the main purpose of designing course and training flyers?
69. State two professional design practices from this lesson.
70. What readability, accuracy or production mistake should be avoided?
71. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 13 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 14: Digital Posters for Social Media

Introduction

Digital adaptations require mobile-first proportions and safe spacing.

Learning Objectives

- Explain the key principles of digital posters for social media.
- Complete a guided design practical for digital posters for social media.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 14: Original instructional visual for Digital Posters for Social Media.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply digital posters for social media to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

72. What is the main purpose of digital posters for social media?
73. State two professional design practices from this lesson.
74. What readability, accuracy or production mistake should be avoided?
75. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 14 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 15: Print Preparation and Preflight

Introduction

Print preparation reduces costly production errors.

Learning Objectives

- Explain the key principles of print preparation and preflight.
- Complete a guided design practical for print preparation and preflight.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Confirm final page size and orientation.

Design principle: Ask the printer for bleed, colour and PDF specifications.

Design principle: Keep essential content within safe areas.

Design principle: Check image quality at intended output size.

Design principle: Proofread and inspect the exported PDF before printing.

Figure 15: Original instructional visual for Print Preparation and Preflight.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply print preparation and preflight to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

76. What is the main purpose of print preparation and preflight?
77. State two professional design practices from this lesson.
78. What readability, accuracy or production mistake should be avoided?
79. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 15 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 16: Export Formats and Quality Control

Introduction

Export choices should match the destination and preserve quality.

Learning Objectives

- Explain the key principles of export formats and quality control.
- Complete a guided design practical for export formats and quality control.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Keep an editable master file.

Design principle: Choose PDF for suitable print/document exchange and PNG/JPG for suitable digital uses.

Design principle: Export at intended dimensions.

Design principle: Avoid unnecessary compression that damages text or images.

Design principle: Open and inspect the final exported file.

Figure 16: Original instructional visual for Export Formats and Quality Control.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply export formats and quality control to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

80. What is the main purpose of export formats and quality control?
81. State two professional design practices from this lesson.
82. What readability, accuracy or production mistake should be avoided?
83. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 16 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 17: Template Systems and Campaign Variations

Introduction

Templates create consistency while allowing controlled variation.

Learning Objectives

- Explain the key principles of template systems and campaign variations.
- Complete a guided design practical for template systems and campaign variations.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply template systems and campaign variations to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

84. What is the main purpose of template systems and campaign variations?
85. State two professional design practices from this lesson.
86. What readability, accuracy or production mistake should be avoided?
87. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 17 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 18: Critique, Revision and Approval Workflow

Introduction

Professional design improves through structured critique and revision.

Learning Objectives

- Explain the key principles of critique, revision and approval workflow.
- Complete a guided design practical for critique, revision and approval workflow.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply critique, revision and approval workflow to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

88. What is the main purpose of critique, revision and approval workflow?
89. State two professional design practices from this lesson.
90. What readability, accuracy or production mistake should be avoided?
91. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 18 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Lesson 19: Final Flyer and Poster Campaign Project

Introduction

The capstone combines strategy, layout, brand consistency, print and digital adaptation.

Learning Objectives

- Explain the key principles of final flyer and poster campaign project.
- Complete a guided design practical for final flyer and poster campaign project.
- Apply the lesson to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with communication purpose before decoration.

Design principle: Prioritise the most important information and remove unnecessary clutter.

Design principle: Use consistent alignment, spacing and brand rules.

Design principle: Design for the actual output size and viewing context.

Design principle: Review accuracy, accessibility and asset permissions before approval.

Figure 19: Original instructional visual for Final Flyer and Poster Campaign Project.

Step-by-Step Guided Practical

1. Write the purpose, audience and required information.
2. Sketch two rough layout options.
3. Build the selected layout with clear hierarchy and alignment.
4. Apply typography, colour and authorised imagery.
5. Review at intended size, correct errors and export a preview.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply final flyer and poster campaign project to course launches, training events, learner information and promotional campaigns while preserving one professional visual identity.

Review Questions

92. What is the main purpose of final flyer and poster campaign project?
93. State two professional design practices from this lesson.
94. What readability, accuracy or production mistake should be avoided?
95. How would you apply this lesson to an Ethan Digital Academy campaign?

Assignment

Complete the Lesson 19 practical using original or authorised assets. Submit the editable design or instructor-approved evidence, final preview and a short rationale explaining hierarchy, audience and output choices.

Final Flyer & Poster Campaign - 100 Marks

Component	Marks	Requirement
Brief	10	Audience, purpose, message and CTA.
A4 flyer/poster	25	Strong hierarchy and complete information.
Typography & colour	15	Readable and brand-consistent.
Imagery & composition	10	Relevant authorised assets and effective crop.
Square adaptation	10	Effective social-feed version.
Vertical adaptation	10	Mobile/story version.
Preflight & export	10	Accurate print/digital outputs.
Rationale & handoff	10	Organised masters and explanation.

Final Examination - 100 Marks

Section A - Design Foundations (20 marks)

Explain briefs, audience, purpose, CTA and information hierarchy.

Section B - Layout and Visual Language (20 marks)

Explain grids, whitespace, typography, colour, imagery and supporting elements.

Section C - Applied Flyer/Poster Design (20 marks)

Plan event, promotional, educational and training designs.

Section D - Production (20 marks)

Explain digital adaptation, print preparation, preflight and export.

Section E - Professional Workflow (20 marks)

Explain templates, critique, revision, approval and final campaign handoff.

Course Completion Outcome

After successful completion, the learner should be able to plan and create professional flyers and posters, structure information clearly, apply grids, typography, colour and imagery, prepare event/promotional/educational materials, adapt designs for digital channels, complete basic print preflight, export suitable files and organise a coordinated campaign handoff.

Professional Practice Checklist

- Start with a written brief.
- Use one clear primary message.
- Keep typography readable at intended size.
- Use authorised imagery and licensed assets.
- Verify names, dates, prices and contact details.
- Confirm printer specifications before commercial printing.
- Inspect exported files before publication.
- Keep editable masters and approved outputs organised.
